YORK ST., Gettysburg, Pa.

He Wasn't an Exception.

It was married men's night at the revival meeting. "Let all you husbands who have troubles in your minds stand up!" shouted the emotional preacher at the height of his spasm. Instantly every man in the church rose to his feet.

claimed the preacher, peering out at this lone sinner, who occupied a chair near the door and apart from the others. "You are one in a million." "It ain't that," piped back this one helplessly as the rest of the congregation turned to gaze suspiciously at him. "I can't get up; I'm paralyzed!"

## STATE GUARD OFFICER HERE

Captain L. V. Rausch in Gettysburg to Secure Ground for Encampment of the National Guard of Pennsylvania in July.

With maneuver matters decided Gettysburg people are now turning their attention to the probability of securing the regular division encampment of the National Guards of Pennsylvania. Captain L. V. Rausch, of the National Guard was here today to secure the release of the land desired for the encampment.

Captain Rausch succeeds Colonel William F. Richardson who always had this in charge in other years and who died several months ago. Captain Rausch was accompanied by Mr. George P. Drake, former secretary to Colonel Richardson. They met members of the Retail Merchants' Association and with them held conferences with the various land owners.

The dates for the National Guard encampment are July 14 to 23 and these are the same as the opening days of the other encampment but there will be no conflict. It was hoped by local parties that the state encampment would be moved earlier but it has been found impossible to do this.

It has, of course, not been definitely decided that the encampment of the state troops will be held here but everything points that way.

## PLANS NOT MADE FOR DEDICATION

General H. S. Huidekoper, President of Commission Erecting Handsome State Monument, is Greatly Pleased with Appearance.

General H. S. Huidekoper, who was recently selected chairman of the Pennsylvania Gettysburg Monument Commission to succeed General St. Clair A. Mulholland, who died several weeks ago, has been spending the past few days here watching operations at the handsome memorial now being erected along Hancock avenue.

When asked by a representative of this paper what arrangement had been made for the dedication of the monument he said,

"We have done nothing along this line as yet. We hope to have everything in readiness for dedication on September 27, which will be immediately after the close of the National encampment of the Grand Army of the Republic at Atlantic City, and we hope to make it a noteworthy occasion. We have, however, not made any arrangements about speakers or anything of that kind.

"The Pennsylvania legislature passed an appropriation of \$15,000 for the transportation of the veterans of the state to this place for the dedication. This is not sufficient to bring all here and some other fund must be secured.

"The monument is going to be a beautiful piece of work. The carving on the granite which has been placed is most exquisite and critics have pronounced it unusually fine."

General Huidekoper called special attention to the figures carved in the granite on either side of the four arches. He also showed pictures of the large bronze plates which are to be placed above the arches. The reliefs will depict the four arms of the service and are especially fine. All are handsome pieces of work but that to the infantry is especially interesting to Gettysburg people as it shows the well known scene at the McPherson barn.

Fast work is rapidly taking the structure to such a state that it is possible to see what its real beauty will be when completed. Work on the dome will be commenced in a few days and then other portions of the memorial will receive attention.

## IN MEMORIAM

Andrew Fritz. Born December 26th, 1834. Died March 20th, 1910. Aged 75 years, 2 months and 22 days.

Home is not home since dear father's not there, Our home is so lonely, so dark, so drear.

Never more will we hear his footsteps fall He's gone to that home prepared for us all.

We miss his kind and welcome hand, His fond and earnest care Our home is dark without him A shadow o'er our life is cast.

Death came silently but sad To close his earthly days He seemed but sleeping when it came, He is but sleeping now.

Farewell dear papa, a sad farewell, Since your dear face no more we see, A few more years on earth to dwell And we shall all united be.

By the Family.

In the graveyard softly sleeping Where the flowers gently wave, Lies our dear grandpapa we loved so dearly In his lonely silent grave.

By his Grandchildren.

### Five to the Good.

"When Mr. Frith," a millionaire art collector said, "sold me my picture of a child feeding white rabbits he told me an amusing story connected therewith."

"He purchased for models, he said, a dozen white rabbits from a dealer and ordered them sent home. The man who brought them to him foolishly left them in the garden—Mr. Frith lived in the country at the time—and naturally the little animals all got away through the fence. Well, when Mr. Frith returned and found his rabbits gone he searched the neighborhood for them manfully. He got most of them back, but not all. And, meeting the dealer next day, he said angrily:

"What did you mean by leaving the rabbits loose on my lawn, as you did? I had a frightful task to capture them, and as it was I got only eleven."

"The dealer scratched his ear.

"But eleven was pretty good, governor," he said. "I'd left only six, you know. The rest was comin' on tomorrow."

## WIFE OF ARMY OFFICER KILLED

Mrs. Slocum in Fatal Auto  
Smash in Washington.

GEN. J. FRANKLIN BELL HURT

Head of Army Staff Has a Broken Rib and Scalp Wound—Crew of Trolley Car and Chauffeur Under Arrest.

Washington, March 24.—Mrs. Herbert J. Slocum, wife of Major Slocum, of the Seventh cavalry, was killed, and Major General Franklin Bell, chief of staff of the army, was injured in a collision between their automobile and a trolley car. General Bell sustained a fractured rib, a scalp wound and was severely shaken up.

General Bell had come over from Fort Myer in his automobile and had picked Mrs. Slocum up at the Wyoming apartment, where she was visiting with her sister, Mrs. H. L. Green. The accident occurred at Wisconsin avenue and Garfield street. The automobile was coming down Garfield street and ran directly in front of a south-bound electric car.

The automobile was completely demolished. Mrs. Slocum was thrown about twenty feet, striking on the curb, and General Bell was thrown about the same distance. Mrs. Slocum was still breathing when passersby came to her assistance. She was carried in a trolley car to a little park at Wisconsin avenue and Volta place.

General Bell was badly crippled, but insisted on taking personal charge of the injured woman. At Volta place an ambulance from Georgetown hospital took Mrs. Slocum and General Bell to the hospital. When the ambulance arrived at the hospital Mrs. Slocum was dead. General Bell declined to accept the statement of the Georgetown hospital physicians and had the body rushed to the army hospital at Fort Myer.

The driver of the automobile and the conductor and motorman of the trolley car were arrested.

## RAN AFOUL OF THE LAW

Jack Johnson Spent Three Hours in Jail Before Bail Was Found.

New York, March 24.—Jack Johnson, the pugilist, ran afool of Judge Mulqueen in general sessions, and as a result loitered in the Tombs for a longer time than he has yet spent in our well known local jail. Because of the wrath which he brought down on himself at the hands of the court, his bail of \$1500, under which he has been allowed to continue his theatrical engagements until such time as the court calendar took to swing around to his name, was raised to \$5000, and it was a matter of a little time before the amount was raised.

The whole trouble lay in what looked to Johnson like good luck. He was up on a charge of assaulting Norman Pinder, another negro. The Johnson case was the first on the calendar and the pugilist was right on the job. When his name was called and he had stepped forward to answer, Assistant District Attorney Delehanty told the court that his men had been unable to find Pinder, the complainant, or the three or four other state's witnesses of the alleged assault.

It was then that Judge Mulqueen rose up and, metaphorically speaking, smote the big and smiling negro.

"The court understands and believes," said the judge, "that the complaining witness and the other witnesses under subpoena for the state in this case have been lured from the jurisdiction of the court. I doubt the defendant's good faith in asking for a continuance to this date; therefore, I shall hold this defendant in \$5000 bail until the witnesses can be found and brought here. I also shall issue a bench warrant for Pinder and we shall see if he was spirited away or not."

Johnson's attorney found bail three hours later and the pugilist was released.

## CHOPPED TO PIECES

Colored Man Attacked His Employer With an Axe.

Richmond, Va., March 24.—Because his employer, Frank Hastings, chided him for being slow on an errand, Frank Byrd, a colored mill hand, crept up behind him with an axe and literally chopped the white man to pieces. With a mob gathering and threatening a lynching, Sheriff Tuggle smuggled the colored man to the Farmville jail for safe keeping.

## Three Women Drowned.

Ogdensburg, N. Y., March 24.—A dispatch received here, telling of a triple drowning at Tescwater, near here, in which three women were the victims. It appears that Mrs. James Semple and her two daughters and Miss Elliott were enjoying a boat ride on a small river, when the boat was overturned, throwing all the occupants into the water. Mrs. Semple, Miss C. Semple and Mrs. Elliott all sank and were drowned. The other Semple girl was rescued.

Jersey Legislature to Adjourn April 8.  
Trenton, N. J., March 24.—The senate fixed April 8 as the day for final adjournment. This will undoubtedly be agreed to by the house.

## BURLINGTON SWEEP CLEAN

Citizens Spent a Day Cleaning Out Rubbish.

Burlington, N. J., March 24.—Maid and matrons, merchants and professional men, employees and factory heads and 10,000 other citizens on the common ground of "city cleaners," joined hands with Mayor Farmer and the city officials to convert Burlington into a living illustration of "spotless town" officially. The date was fixed by Mayor Farmer as the first annual city cleaning day, the executive calling upon citizens to observe the occasion for brushing out from their premises the waste and rubbish accumulating during the winter.

Smoke from scores of bonfires, the hundreds of mounds of street sweepings that dotted the freshly brushed highways, and the piles of debris that were piled on the sidewalks attested to the activity, both among private citizens and city authorities.

High school girls played a prominent part in the "scrubbing" act. Groups of them formed "shovel and rake" brigades and made trips from yard to yard.

Some of the most prominent society women in the city endorsed the mayor's recommendations for a "city cleaning" by using the rake or the broom to help clean up lawns and garden paths.

## OLDFIELD BREAKS WORLD'S RECORDS

"Speed King" Hangs Up New Marks in Florida.

Daytona, Fla., March 24.—Two more world's records were smashed here by Barney Oldfield, the "Speed King," in his Benz car.

He broke the record for the kilometer, covering the distance in a 200-horsepower Benz car in 17 4-10 seconds. The record was 17 7-10 seconds, made by Hemmery at Brooklyn. A kilometer is a little more than 62 per cent of a mile, or exactly 3280 feet, ten inches.

This same run also broke the beach record for that distance, made in 1906 by Marriot in a Stanley steamer—18 2-5 seconds.

Oldfield's chief ambition since coming here has been to show that America could outdo Europe in the kilometer measure.

Following this feat, Oldfield broke the world's record for two miles in the world's championship two miles a minute race. His time was 55 87-100 seconds.

## BRIBE VOTE NEXT TUESDAY

New York Senate to Decide Conger's Charges Against Aldis.

Albany, N. Y., March 24.—The state senate, in committee of the whole, listened to the arguments of former Judge Augustus Van Wyck and James W. Osborne, attorneys for Senator Benn Conger, in the matter of Conger's charges of bribery against Senator J. P. Aldis in 1901, when the two senators were members of the lower house. The senate is expected to vote on the question of guilt next Tuesday.

## Will Cross Continent Afoot.

Los Angeles, Cal., March 24.—Paul Lange, of Atlantic City, started a trans-continental walk back to his home. He walked from New York to San Francisco in 100 days last fall, but on the way east has made a schedule which calls for the completion of the journey in eighty-five days. He will have to cover more than forty miles a day to do it.

## "Battery Dan" Dies.

## BIG LEADER IN BRIBE PROBE

Startling Revelations Expected  
in Pittsburg.

FIVE OF "BIG SIX" CONFESS

Prominent Business Men and Bankers Dragged Into Councilmanic Scandal. Nine More Receive Immunity Bath.

Pittsburg, March 24.—Politicians and business men are discussing in whispers the latest sensation in connection with the councilmanic bribery disclosures. It concerns one of the most prominent political leaders in western Pennsylvania, and there are rumors of strenuous efforts to prevent it from becoming generally known.

The report is to the effect that this prominent politician paid a \$33,000 bribe to councils for the passage of an ordinance authorizing the abandonment by the city of a certain tract of land. It is intimated that the land in question was desired by the politicians.

District Attorney Blakeley refused to discuss the report. Efforts to learn more than the rumor were balked by those in a position to tell the facts.

### Five of "Big Six" Confess.

Five of the members of the "Big Six" of Pittsburg councils have confessed. They have not told all they know and have been informed that unless they "loosen" further they will have to stand trial and take their punishment.

Nine more councilmen took the immunity bath, received a "postponed" sentence and then went before the grand jury and added their testimony to the mass of evidence already taken.

Practically the last prop of the guilty men was kicked down beneath them when Charles Stewart, one of the "Big Six," walked into Blakeley's office and announced he was prepared "to tell all." He was accompanied by his counsel, former Governor Stone, who previously had informed Mr. Blakeley that Stewart would make no confession, as there was nothing to confess.

Stewart is credited with being one of the go-betweens for the bankers. It was he who handled the money in the Columbia National bank case, according to the confessions of former President E. H. Jennings and Vice President F. A. Griffin, of the bank. And Stewart, according to District Attorney Blakeley, is one of the few men by whose testimony the conviction of the men "higher up" is possible.

After Stewart had confessed, District Attorney Blakeley let it be known that Stewart had told a great deal, but not all. There appears to be two men, both of whom are said to be very high politically, who are being protected by members of the "Big Six." District Attorney Blakeley declares he shortly will break down this reticence and the arrest of these men will then follow.

Prior to the visit of Stewart, two other members of the "Big Six" called upon the district attorney. They are Hugh Ferguson, worth several hundred thousand dollars, and William Brand, former president of councils. Brand has been convicted and Ferguson is under indictment. They told much, but not all. Ferguson told how he had been the custodian of \$90,000 of the corruption fund and how he had kept it in two safe deposit boxes.

### Prominent Pittsburgers Named.

Brand named five prominent Pittsburgers who acted as go-betweens for the banks. They are a prominent banker, a real estate dealer, a manufacturer and two lawyers. He also told how some of the banks had instructed that the money be paid in New York and one councilman had insisted that he receive his share of the loot in Wheeling. By the payment of the money outside of the state they believed they could evade prosecution.

### Restaurant Wrecked by Dynamite.

Bedford, Ind., March 24.—Unidentified vandals placed dynamite under the restaurant of Lincoln Byers at Oolitic and demolished the building. The Byers home was stoned a few nights ago by sympathizers of striking stone workers, for the alleged reason that the restaurant keeper was keeping national society and strike-breakers as boarders.

### Railroad Agent Burned to Death.

Easton, Md., March 24.—Frederick Wright, twenty years old, was burned to death in a fire which destroyed Tuckahoe station, on the Maryland, Delaware & Virginia railroad. No one knows how the fire originated, but it is the supposition that the lamp in the station exploded, throwing the burning oil over Mr. Wright.

### Mother Dies From Grieving.

Mahanoy City, Pa., March 24.—Grieving over the death of her sixteen-year-old son John, which occurred six weeks ago, Mrs. Catherine Haughey, of this city, died. Young Haughey was crushed to death in the scraper line at the North Mahanoy colliery and since that time the mother had mourned constantly.

## MISS ELEANOR SEARS

Millionairess Appears at Polo Game in Trousers.

## SHE MADE CROWD GASP

Miss Sears Causes Stir With Trousers and Forms Club.

San Diego, Cal., March 24.—During a polo contest at Coronado Miss Eleanor Sears, the eccentric millionairess of Boston, caused the 7000 society people that gathered to witness the contest to sit up and take notice when she appeared astride a polo pony in knee length skirt over a well made pair of trousers.

Although her trouserettes divided attention with the poloists, Miss Sears did not seem to be the least bit mindful of the furore she was creating.

In fact she enlisted in the cause Miss Elizabeth Clare Fish, the daughter of Nicholas Fish, of New York. Miss Fish announced that she has consented to arise at 5 o'clock each and every morning and don man fashion garb and join a club that is being formed by Miss Sears to tramp along the Coronado peninsula before breakfast.

## PRISON GUARDS SHOT BY UNRULY PRISONER

Two Probably Fatally Wounded by Colored Man.

Wilmington, Del., March 24.—Walter Hastings and Thomas McCullough, guards at the Newcastle county workhouse, at Greenbank, were shot and probably fatally injured by Stephen Hunter, colored, a prisoner, who first stunned Hastings and took his revolver from him.

Hunter was shot in the head and body by other guards and is in a critical condition. Hastings was shot twice and McCullough once, each in the abdomen.

Hunter is a very large and powerful man. He is serving a nine-months' sentence for larceny, having been committed six months ago.

Hunter and other prisoners were on their way to breakfast. All had come out of their cells and started down the stairs when the guard turned to close the corridor door.

Then Hunter darted back and struck Hastings, which staggered the guard. The prisoner then wrested his revolver from him and fired twice at Hastings, both bullets taking effect in the body.

Other guards were attracted by the shots. McCullough arrived first. But before he could reach Hunter the man shot him also in the right side of the abdomen. The colored man was soon felled by two bullets in the head and one in the body.

## ROOSEVELT TO SEE POPE

All Arrangements Completed For Audience on April 5.

Rome, Italy, March 24.—All arrangements for the audience which Colonel Roosevelt and his family will have with the pope on April 5 have been completed. They were made by American Ambassador Leishman and Mr. Kennedy, rector of the American college in Rome.

Mr. Leishman was notified in diplomatic terms that the pontiff would be pleased to receive Colonel Roosevelt, but trusted there would be avoided any such incident as marred the visit to Rome of former Vice President Fairbanks. With an understanding of the pope's wish on this subject the audience was arranged.

If Mr. Roosevelt's engagements permit he will be invited to luncheon at the American college.

# NOW IS THE TIME TO BUY SOAP

The time for Spring Housecleaning is here and the undersigned grocers are prepared to supply every housewife with the the best soaps obtainable at wholesale prices.

## Fairbank's Famous Five Sunny Monday The Perfect Laundry Soap

**SUNNY MONDAY SOAP**

One bar will do as much work as two bars of ordinary laundry soap  
**Test it!**

Fairbanks **SUNNY MONDAY** is a laundry soap that we are glad to recommend.

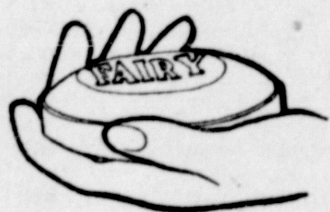

It is The Perfect Laundry Soap, made from the highest grade material—by a company that knows how to make soap right.

**SUNNY MONDAY SOAP**

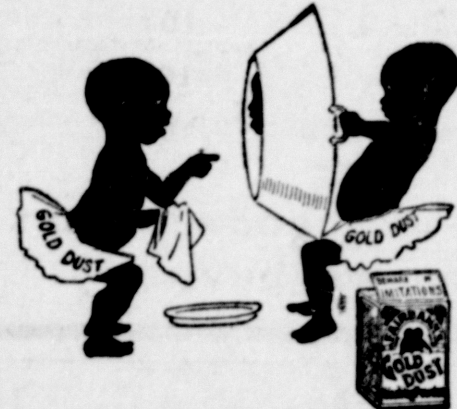

One bar will do as much work as two bars of ordinary laundry soap  
**Test it!**

**SUNNY MONDAY** is pure, white, efficient. No rosin or other adulterants that rot and ruin fabrics. Best of all, it contains a remarkable new soap ingredient called a dirt starter, that makes clothes clean, and takes all the hard labor out of washing. You can wash everything with Sunny Monday—in any water at any temperature. Give Sunny Monday a trial and acquire a good habit.

If you were an Eskimo, Fairy would be the kind of soap to eat. The fats used in making Fairy are Edible. After all it isn't pleasant to think of using on your face and hands a piece of soap that is made of grease rendered from kitchen and sewer refuse. You can't tell what is used in making highly colored and perfumed soaps—white soaps that turn yellow with age. Fancy dyed and perfumed soap could be made for less than it costs to make Fairy—such as is sold at from two to five times the price; but the N. K. Fairbank Company is compelled to use pure, edible fat and oil to make sweet, delicate, undyed always white fairy soap.

Spend what you will for soap, you cannot get anything purer than **FAIRY**. (Dyes and perfumes cover a multitude of soap sins.) Also observe the convenient oval shape of **FAIRY**. It always floats within easy reach.

**GOLD DUST**  
'Makes Dishwater  
That Digs'

**GOLD DUST**  
'Makes Dishwater  
That Digs'

If there is anything about the house that should be absolutely clean, it is the pan or dish in which food is cooked and served. Gold Dust makes "dishwater that digs"—goes after each particle of grease and dirt in every nook and cranny. It makes pots, pans and chinaware spick and span, sweet and wholesome. Gold Dust is powdered vegetable oil soap. It is not made from refuse fats such as are contained in ordinary soaps.

You certainly do not like to use soaps made from such fats in washing dishes. Always use Gold Dust in your dishwater. When you have Gold Dust in your house, you will find that it works better for a hundred and one purposes than any other cleanser.

### Fairbank's Glycerine Tar Soap "A Wiff from the Pines"

The tar used in Fairbank's **GLYCERINE TAR SOAP** is the real pine-tree article.

Glycerine-Tar cleanses and softens the skins, thus preparing it for the medicinal action of pine tar and glycerine.

Use Glycerine-Tar for the hair and all toilet purposes. It soothes and heals the skin—prevents or cures all cutaneous diseases.

### Pummo Soap

Fairbank's Pummo Soap has such striking qualities that a mere trial will speak volumes.

It contains Italian pumice, ground to the finest of pulverized sugar. While this pumice removes grime and stains like magic, it will not chafe the skin of a baby. The glycerine in Pummo heals and softens the skin. Everyone likes Pummo immediately upon trying it. Nothing more effective for machinists, printers, painters, etc. Pummo has a niche to fill in every home.

### Not Fit to Be Minister.

When the announcement was made that a certain distinguished citizen had been appointed to join the nation's diplomatic forces and assume an important foreign portfolio, the matter was naturally discussed with a great deal of interest among his acquaintances.

One day the subject came up in a company among which was one old fellow who had known the appointee for upward of forty years.

"What do you say he has been appointed to?" the old fellow asked. "Why," answered one, "he has been appointed to be minister in one of the largest cities of Europe."

"Well, that's the most ridiculous thing I ever heard of," snorted the friend of the new diplomatist. "He's a nice feller, all right, but he ain't fit to be minister nowhere. Why, darn it, he don't even know the Lord's prayer."

### The Abduction.

An Englishman from the rural districts who was on a visit to London drew up in a four wheeler opposite the British museum and, having alighted, timidly approached the cabman and tendered him 1 shilling and 6 pence as his fare.

Cabby, deservng a half sovereign among the coppers, whipped up his horse and drove frantically away. Hearing cries from the countryman.

"I AIN'T GOT NOTHIN' OF HIS."

who ran after the cab, he had an attack of deafness until, nearing Holborn viaduct, he was stopped by a policeman.

The countryman, much out of breath, soon came up with the cab, and cabby mentally bade goodbye to the half sovereign.

"I ain't got nothin' of his," said the driver, turning appealingly to the policeman.

"Yes, he hev!" yelled the flustered countryman. "Ye ran away w' me grandmother!"

Sure enough, there was the old lady still in the cab and staring, pale with fright, at the crowd and policeman.

### CURES PIMPLES QUICKLY

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past L. M. Buehler has done the biggest business he ever had in any on article in selling Hokara, the skin food that has won so many friends in Gettysburg.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound or disease affecting the skin or mucous membrane that Hokara does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, L. M. Buehler will sell a liberal-sized jar for 25c; larger size 50c. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

## PISTOL BATTLE ON B. & O. TRAIN

Man Shot to Death After Killing Two Others.

SLAYER PROBABLY INSANE

Barricaded Himself on Car After Driving Terror Stricken Passengers Out—Was Finally Shot Down by Policemen.

Wilmington, Del., March 24.—After killing the conductor and porter on a Royal Blue limited train of the Baltimore & Ohio railroad, as it was approaching Wilmington, J. H. Bethea, an insane man, barricaded himself in the ladies' retiring room of a Pullman car and defied a small army of police men who surrounded the car when the train reached Wilmington. He was finally shot to death, but only after he had wounded three men.

The victims of the tragedy are:

**Killed.**  
J. H. Bethea, aged about forty years of Dillon, S. C., shot in the face, arms, shoulder and head.

O. E. Williams, conductor of the express train, of Philadelphia, shot in the abdomen by Bethea and died immediately.

Samuel Williams, colored, of Baltimore, porter of the Pullman car, who was shot in the chest by Bethea.

**Wounded.**  
Patrolman John Wiley, shot in the hand and groin by Bethea; seriously injured.

Matthew Haley, spectator of the battle; removed to a physician's hospital; not serious.

Unknown colored man, shot in the shoulder, but disappeared later.

**Created Scene in Car.**

Bethea boarded the train at Baltimore, taking a seat in a well filled chair car. He appeared to be slightly intoxicated. A few minutes after the train left Newark, Del., he burst into obscene language. Williams, the porter, told him to keep quiet, and finally the conductor added his protests to those of Williams. Bethea with a wild yell sprang to his feet, drew a gun and shot the two men dead. The horror-stricken passengers dashed from the car, leaving the murderer and the dead alone.

Nothing more was heard of him until the train pulled up at the station here, three or four minutes later, at which time the other men of the train force had been notified of what had happened in the car ahead. On the arrival of the train the police and railroad officials were notified and the train was ordered held up until the car could be surrounded.

Several men with guns took refuge behind box cars and two policemen of the Wilmington city force kept watch until automobiles carrying a squad of police from the city hall could be rushed to the scene, at which time it was discovered that the man had taken refuge in the little toilet room off the main portion of the car. Here he remained, going out once or twice to feel the breast of the two men, in the manner of going through their pockets, but it is believed that he was feeling to see if they were dead.

When the train had reached here the man had barricaded himself in the toilet room, the police were summoned and a fire company was called. The murderer fired repeatedly at the crowd collected and was forced by a stream of water to the car platform. He continued to shoot repeatedly and finally he was shot three times by the police. He was then captured and died in a few minutes.

## Ruined Speculator a Suicide.

Philadelphia, March 24.—W. H. Swanberg, manager of a Chestnut street department store, shot himself dead on an express train from Buffalo as it pulled into the Reading Terminal station here. Swanberg was returning from Chicago. A letter to his wife said he had met with reverses in Wall street speculation and was badly embarrassed.

## OVERTAXED

Hundreds of Gettysburg Readers Know What It Means.

The kidneys are overtaxed; Have too much to do. They tell about it in many aches and pains—

Backache, sideache, headache. Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follow.

A Gettysburg citizen tells here the way to keep the kidneys well.

Mrs. James Bumbaugh, 126 E. Middle Street, Gettysburg, Pa., says: "I can confirm all I said in praise of Doan's Kidney Pills two years ago, when I gave a public statement, recommending them. My system was filled with uric acid and in the morning I was so stiff and lame that I could hardly get out of bed. My joints were swollen and the kidney secretions caused me much annoyance by their irregularity in passage. Acting on the advice of a friend, I finally procured Doan's Kidney Pills at the People's Drug Store. They helped me from the first and gradually the symptoms of my trouble disappeared until I was well. I urge anyone suffering from kidney complaint, to give Doan's Kidney Pills a trial."

"My son was cured of a very bad case of epilepsy with Dr. Miles' Nerve."

MRS. D. BAKER, Cleveland, O.

"My little daughter who was afflicted with St. Vitus' Dance is now entirely well after taking Dr. Miles' Nerve only four months."

MRS. C. G. BENNETT, Alma, Mich.

Epilepsy, Fits, St. Vitus' Dance and Spasms, are all nervous diseases. They have been cured in so many instances with Dr. Miles' Nerve that it is reasonable to conclude that it is almost sure to cure you. With nervous diseases of a severe type, persistent use has almost invariably resulted in a complete cure or lasting benefits, worth many times the cost of the remedy. The best evidence you can get of its merits is to write to those who have used it. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

Battlefield Council O. of I. A. will run a dollar excursion to Baltimore Saturday, April 2. Leaves Gettysburg 7.15 a. m., returning leaves Baltimore 11.30. Ample time to visit Washington and theatres.

## MINERS IN TWO STATES AGREE

Western Penna. and Indiana Men to Get a Raise.

Cincinnati, O., March 24.—That there has been a change of front of the operators interested and that there would possibly be a settlement of the controversy between the miners of Indiana and western Pennsylvania was indicated when the joint sub-scale committee which has been considering the miners' demands, adjourned without setting any time for reconvening.

Heretofore the operators of the two states have stood steadfast against granting increased wages. It is now reported that the Indiana operators at a caucus decided to compromise and grant a small wage increase. While this cannot be positively confirmed, miners declare it to be true and that the Pennsylvania operators have telegraphed other mine owners of that state to come here to discuss the advisability of taking similar action.

The Ohio operators say they will not compromise and it is predicted that the first strike, if any comes, will be of the 60,000 union mine workers of that state. Present working agreements expire April 1.

The Pennsylvania and Indiana operators and miners then will hold state conferences. It being said that there will be little difficulty in reaching agreements in those states.

## NO STRIKE SETTLEMENT

Philadelphia Carmen Reject Company's Peace Terms.

Philadelphia, March 24.—With the return to work of thousands of sympathetic strikers the announced determination of others to follow, the decision of the state labor leaders not to call a state strike and the vote of the striking carmen to continue on strike, the month-old industrial dispute assumed a new phase.

Mediation between company and the strikers was again halted, although advocates of an early settlement by no means have given up hope that some agreement will be reached.

The efforts of George H. Earle, a city director of the company, to settle the strike in accordance with his hope expressed at a conference with labor leaders at his home were met with refusal by the mayor to interfere further. The last ditch appears to be on the demands of the men that they be given back their old runs as a prerequisite of settlement.

Most important of the carmen's side of the controversy was the mass meeting at Labor Lyceum hall, when upwards of 4000 carmen unanimously rejected the company's final offer of settlement and decided to remain on strike.

In deciding against a state strike, officials of the State Federation of Labor at Wilkes-Barre took the position that it was too drastic a move at this time and that a more opportune thing to do would be "to strike at the polls in November."

## SENATOR DANIEL IMPROVES

Daytona, Fla., March 24.—United States Senator John W. Daniel, who is near death as the result of an attack of paralysis, passed a quiet, restful night. He spoke distinctly several times, asking questions of those about his bed.

Washington, March 24.—Six regular Republicans were elected to represent the majority of the house on the new rules committee that was created by the Norris resolution, passed after one of the greatest fights ever waged in the lower branch of congress. They were: Dalzell, of Pennsylvania; Smith, of Iowa; Boutell, of Illinois; Lawrence, of Massachusetts; Fasset, of New York, and Smith, of California. The insurgents have no representation on the committee.

## WILL PROBABLY CLEAR SURFACE

Hearing of State Zoologist Surface, Followed Closely by Adams County Fruit Growers, will likely Clear Official of Charges.

State Economic Zoologist H. A. Surface was on Wednesday a witness in his own behalf before Secretary of Agriculture N. B. Critchfield on the charges preferred against him by his former assistant, Alfred F. Satterthwait. He left the stand after meeting a final assault which indicated that some of his subordinates had been keeping daily watch on his movements. The Secretary will receive briefs at once and announce a decision later.

The zoologist was on the witness stand for five hours Wednesday and succeeded in disproving practically every charge brought against him.

The energy of the attack which was organized by his former right hand man, who was subsequently dismissed, never flagged and as fast as one charge fell to the ground another was pressed.

In answer to a question by Frederic W. Fleitz, his attorney, he said his working days were nearer eighteen hours than eight, and then wound up with the telling shot that he had not enjoyed a vacation in the seven years in which he had worked for the State. No further questions were asked. Throughout his testimony Dr. Surface had an answer for every charge brought up and showed conclusively that many of the incidents which had been used as foundations for charges were due to his desire to run his division in his own way. He declared he always made a difference between State work and his own and if this ever overlapped it was made good.

Explanations were made on the use of State apparatus and materials and he crushed criticism of his experiments by saying his objects were attained even if the test with chemicals did kill plants and he had to maintain a peach tree with "yellows" to see the effect of poisons upon it.

Several attaches of his division and a number of laborers gave testimony corroborative of his statements regarding his work, his organization of orchard inspection and demonstration tours and the methods of employment on the Surface farm, which by the way he made an experiment station because no farmers would agree to allow him to try preparations on their trees and plants for the sake of information.

Since the hearing is over considerable surprise is expressed about the Capitol at Harrisburg that the charges were ever ordered to hearing.

The opinion is general that stronger disciplinary methods are needed in the Agricultural Department to prevent interference with public business through disagreements between officials and assistants.

A housewife who has given it a trial recommends a lot of equal parts of turpentine, ammonia and raw linseed oil as a ready means of relief from frost-bitten feet and chilblains. The liniment should be applied three or four times a day, as conditions seem to demand.

Rotation as a principle of soil culture is not only good for the field crops, but for those raised in the garden patch as well. Such rotation not only rests the soil, but tends to check the development of fungous and other pests which are likely to infest the ground if the same crop is produced on the same plot year after year.
